Value-added Integration Points

SCHOOLDOCS™ INTEGRATED BUTTONS TO CAMPUSVUE-NEXUS TOOLBAR

Integrated buttons within CampusVue-Nexus toolbars make it intuitive and easy for staff to retrieve documents and upload new files to the system directly from within the native CampusVue-Nexus interface + files uploaded to SchoolDocs by staff members are **AUTOMATICALLY** “Linked” to CMC Document Tracking module based on specific business rules and document status policies.

SCHOOLDOCS™ “BI-DIRECTIONAL” INTEGRATION TO CMC STUDENT PORTAL

Document Types within Campus Management® can be flagged to **AUTOMATICALLY** replicate from CMC Student Portal to SchoolDocs when students upload files > and vice versa > documents inserted to SchoolDocs can be flagged to automatically publish copies to CMC Student Portal for students to access securely Online.

SCHOOLDOCS™ INTEGRATION TO NEXUS FORMS BUILDER

Any document signed and submitted Online via CMC NEXUS FORMS BUILDER is **AUTOMATICALLY** inserted into SchoolDocs and includes the inheritance of the document’s metadata and Document Tracking status, including the ability for staff to access and view from within Nexus-CampusVue in the same manner as all of the other student documents and information.

SCHOOLDOCS™ INTEGRATION TO DOCUSIGN®

Any document signed and submitted Online via DOCUSIGN® is **AUTOMATICALLY** inserted into SchoolDocs, including the ability for staff to access and view from within Nexus-CampusVue in the same manner as all of the other student documents and information.
